- 60+ Practice sheets
- 50+ Revision sheets
- 60+ Hours of Coding Lessons

KASHCLASSES

- We do real-world problem-solving. The student learns to see coding all around them
- We offer a lot of advanced coding content. The student can work on topics that are beyond prescribed textbooks

1:1 Attention

The teacher always interacts 1:1 with the students via video, audio and chat

Fast Progress

This is because the students actively solves problems in every class

"Coding is the language of the future, and every girl should learn it."
Reshma Saujani
